Class Policies:

Mandatory Attendance. Two absences for classes meeting twice a week, three absences for classes meeting three times a week, will be allowed. One letter grade will be subtracted from the student's final grade average for each absence over the limit. Classes and impromptu writing can be made up in another class time only.

Amnesty. Each student is allowed one late assignment of not more than one class period. Otherwise, each student will be allowed to submit one assignment on Amnesty Day, the scheduled last day of class, for a missing assignment or lowest grade.

Grading. Written assignments will be weighted so that the latter essays will count more, crediting the student for improvement.

Plagiarism. Intellectual dishonesty will not be tolerated. Submission of work which is not truly your own will receive harsh treatment--failure of the course.
