Creating an Account at Townsendpress.net

1. Go Townsendpress.net. The actual address is http://www.townsendpress.net
2. Click on CREATE AN ACCOUNT. Then on CREATE A STUDENT ACCOUNT.
3. Creating an account will ensure that your scores get saved. You can use your MDC student email to create the account. (All MDC students have an MDC email address. To find yours, go to http://www.mdc.edu and click on current students and then on Student Email.)
4. You must select me as your instructor: Sarah Garman, or I will not be able to view your scores.
5. Remember your password.
6. After you have created an account, go back to the “ONLINE LEARNING CENTER” and Click on LOGIN.
7. Once you login, you have to select your Ten Steps textbook.
8. It will then take you to the list of chapters. Click on the chapter. (For example, the first chapter is called VOCABULARY IN CONTEXT.)
9. You should see TWO EXERCISES AND 4 QUIZZES for each chapter.
10. I will count your first score; but if you get less than a 70% you should retake the exercise. You must have an overall average of 70% on the quizzes to pass the class. Your average for all the quizzes is shown at the bottom of your score sheet.
11. I will view your scores online.
12. You can also practice vocabulary at the website for your vocabulary book (but they are not required).

13. Remember that you must always login for your scores to be saved.
